Upholstered Seat Options

When doing an upholstered seat the customer has three options for the style of the upholstery: **Tight Upholstered Seat (UP)**, **Webbed Platform Seat (PS)**, or the ultra-soft **Durango Seat (DUR)**.

Tight Upholstered Seat (UP)

Tight Webbing attached directly to the chair frame and 2" high-density foam make this seat low-profile, soft and comfortable. This seat is our standard.

Webbed Platform Seat (PS)

Webbed platform covered with 2" high-density foam make this seat durable, firm and comfortable. The platform can easily be removed and re-upholstered if necessary.

Durango Seat (DUR)

Similar to the webbed platform seat except the Durango seat features 3"-4" high-density foam with rustic nailhead trim. This seat is standard on the Durango Chair (DUR48), but is an upgrade for the other models.
