Richardson Collection

Where the timeless beauty of solid live edge walnut meets the industrial strength of steel. Each piece in this collection is a testament to American craftsmanship, meticulously bench-made to exceed the highest standards of quality.

We believe in the power of solid wood, the hands that shape it, and the homes that welcome it. The Richardson Collection embodies this spirit, offering a unique blend of rustic charm and contemporary elegance.

The warm, rich tones of natural walnut bring a sense of comfort and sophistication to any space. The live edge design ensures that no two pieces are exactly alike, each telling its own story of natural beauty. Paired with the sleek, modern lines of steel, the Richardson Collection sets a new standard for modern American furniture.

This is where quality meets design, and furniture becomes art.
