Wyoming

# Wyoming Collection

The Wyoming Collection stands out with its use of authentic threshing boards, traditionally used as barn floors. These boards bring a rich history and unparalleled character, showcasing unique distressing and natural markings that tell a story of their own. Whether you seek the refined appeal of a finished piece or the raw beauty of an unfinished one, this collection offers both. Opt for the finished look to enhance the wood's natural hues and intricate details, or choose unfinished for an even more rustic charm that adds authenticity and warmth to any space.

**This is your chance to bring home a piece of American history.**
